Welcome to Endocrinology Associates

For your convenience we have enclosed information sheets that need to be completed **prior** to your visit with our doctor. Please fill out the sheets carefully and bring them with you for your first visit.

Remember to **check with your insurance if a referral to a specialist is required.** The doctor will not be able to see you without a current referral in hand at the time of visit should your insurance company require one.

Keep your **referral, lab work, and reports** along with the **enclosed paper work** together and bring them with you to your appointment. **Lab reports and other reports** can be faxed from your primary physicians office but please confirm with their office that this was completed prior to your appointment. **Please be sure to bring your insurance card and form of identification with you also to your appointment.**

If you are diabetic be sure to bring log records of your blood sugar readings as well as your glucose meter.

You are scheduled to see: **Dr.Ordene Dr. Wininger Pat Munz,NP**

On _____, ____ at _____ am/pm

Should you need to **cancel** your appointment please **call the office 48 hours** prior to your appointment time. Appointments for our new patients require extra time and we have many patients in need of earlier appointment. This courtesy will allow us the time to call a patient on our cancellation list in an effort to have them seen as soon as possible.

Our website may be viewed at www.endonj.com.

Sincerely,
The Office Staff
